EVVE

Thanks to our Utility Token, every user will have a voice in our future EVVELAND DAO

BUSINESS MODEL

THE EVVE TOKEN

- The EVVE utility token will be used for every transaction within our metaverse, working also as governance system for the DAO and allowing you to get rewards.
- ERC-20 already minted on the Polygon Blockchain (using a PoS green protocol, without mining)
- 1 Billion supply of EVVE Token (32% for Sale)
- Attractive and well-structured Token Sale: 75% Initial Discount (over 4 cents Price List) and long-term vision.

ENVIRONMENTAL INITIATIVES

Taking care of our planet

- EVVELAND FOUNDATION receives 10% of tokens to launch environmental initiatives
- EVVELAND DAO allows you to promote these initiatives
- Gamification & Rewards program: Plant to Earn
- Involving Local Communities
- Virtual and Hybrid events are green, saving time, energy and costs
